SUBJECT: Extension of expiry date of authorizations for international regular bus lines between Greece and Albania until 31.01.2017

REF.: Our document with Prot.Nr. C456/oik. 70150/ 5023 dated 19.11.2015

Dear Sirs,

Following the abovementioned document via which we informed you on the extension of expiry date for Greek Authorisations issued to Greek and foreign transport companies conducting international regular bus lines between Greece and neighboring countries non-members of the E.U. **until the 31st January 2017, we hereby attach a table of the Greek Authorisations for Greek and Albanian carriers whose expiry date is prolonged, without the necessity of their re-issuing.**

In order to ensure the smooth and unhindered operation of the active regular lines, you are kindly asked either to confirm the extension of the expiry date on the corresponding Albanian Authorisations in the name of the Albanian and their co-operators Greek carriers or, in the case of re-issuing the Authorisations, please grant the new Authorisations not only to the Albanian but to the Greek carriers as well. You are kindly requested to inform the competent customs authorities and any other control bodies on the relevant extension of the current authorizations so that the operation of the current lines continues apace.

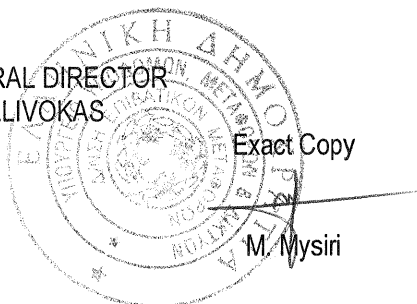

In the case of changes that concern the terms and conditions under which the related Authorisations were issued in the name of the foreign carriers, according to the Ministerial Decision C456/oik.7383/531/12 (Government Gazette 250/B'/13.02.2012), you are kindly requested to inform the concerned carriers for submitting as soon as possible the new relative

documents, e.g. table of routes, table of fare scales, registration numbers of buses servicing the lines, etc.

The abovementioned are applied without prejudice to the outcome of pending cases to be examined by our Service and possible imposition of administrative sanctions against carriers pursuant to Greek Ministerial Decision C456/oik.8679/662/14 "Legality Check of the traffic of domestic and foreign bus carriers operating international regular bus lines" (O.G. 366, B')

Please accept our sincere regards,

THE GENERAL DIRECTOR
V. KALLIVOKAS
