

Dear Members,

We have been informed about the new law on the posting of workers entering into force in Luxembourg recently. The new provisions bring a number of obligations especially to foreign transport operators posting workers to Luxembourg such as preregistration, the need to keep documents on board of the vehicle, appoint a representative in Luxembourg etc. Apparently only pure transit operations are exempted.

You will find all the relevant information under <http://www.itm.lu/en/home/faq/ddt/detachement/le-detachement-de-salaries-de-le.html#anchor98f100a3-6947-42af-ad53-11a402d7e951>

Best regards
