

Haulier demonstration in Slovakia - 28 January 2020

Slovakia (January 28, 2020)

Haulier demonstration will take place today, 28 January 2020, in Slovakia from 8:00 AM at all border crossings. The organizer of the strike is the Union of Carriers of Slovakia (UNAS). According to statements provided to the media, UNAS representatives initially planned to block all border crossings both ways and main through-flow through Žilina and Ružomberok. The end date of the strike is unknown. We suggest that carriers avoid transiting through Slovakia – if possible.
