

PROHIBITED AREAS FOR TRUCKS IN NORTH ITALY BECAUSE OF CORONAVIRUS

At this moment a law decree and an implementing decree have been enacted: they provide for limitation on the access or suspension of freight and passenger transport services by land, air, rail and sea in this town:

- **Lombardia** (Bertonico; Casalpusterlengo; Castelgerundo; Castigione d'Adda; Codogno; Fombio; Maleo; San Fiorano; Somaglia; Terranova dei Passerini);
- **Veneto** (Vò)

Please note that there are check points along the road by police to inform the citizens that, if they insert in these areas nobody can exit and if they have gone out of these areas nobody can return. All that areas probably will be closed for the next two weeks.
