

## **Mont Blanc tunnel transit ban for Euro 4 goods transport vehicles – July 1st 2020**

*France - Italy*

**From July 1<sup>st</sup> 2020, goods transport vehicles >3.5t Euro 4 will be forbidden to transit through the Mont Blanc Tunnel.** Vehicles for the transport of people and motorhomes are not affected by this ban. Note that the compliance with tunnel transit conditions is certified by a pass, issued after the dimensions of the vehicle, the nature of its load, and the European pollution category have been checked. This check is the responsibility of the Highway Police (on the Italian side) and the customs service (on the French side).

More information is available [here](#).
