

## **Update Coronavirus outbreak - Random health checks on entries from Italy**

*Austria (March 09, 2020)*

In order to prevent the further spread of the coronavirus, the federal government has issued a decree for **health checks on entry from Italy**. Starting on 10th March 2020 onwards, two mobile health check teams will carry out **selective health checks at the Brenner border** area (motorway, state road and train traffic) and **at the borders of Sillian and Reschenpass**.
